

Trust in the power of reliable feed materials

TECHNICAL DATA SHEET: SOYPRO (SOY PROTEIN CONCENTRATE)

1. CHEMICAL & PHYSICAL SPECIFICATIONS

- **Crude Protein (Dry basis):** Min 65.0% - 70.0%
- **Moisture:** Max 8.0%
- **Crude Fat:** Max 1.0%
- **Crude Fiber:** Max 4.5%
- **Ash:** Max 6.5%
- **Appearance:** Light tan powder or granules.

2. SAFETY, CONTAMINANTS & LOGISTICS

- **Microbiology:** Salmonella absent in 25g; Total Plate Count < 20,000 cfu/g.
- **Storage:** Store in a cool, dry place; keep away from strong odors and pests.
- **Shelf Life:** 18 – 24 months.
- **Packaging:** 25kg paper bags or 1000kg Big Bags.

3. COMPLIANCE DECLARATION

- Product is produced from high-quality, dehulled soybeans through an aqueous alcohol extraction process to remove soluble carbohydrates.
- Fit for human consumption or high-performance animal feed (aquafeed/piglets).
- Compliant with EU food safety and feed regulations.
